When you're happy with the amount of background spots, rub over with an antistatic bag, this is purely for taking away any moisture that we've created with the heat tool, talcum powder works great too.

Using the outline stamps from **WOW!** Hey Little Flower Clear Stamps. Ink up and stamp over the spots, sprinkle with **WOW!** Black Glint Embossing Glitter, heat set.

Using the 3 little circles from **WOW!** Pick N Mix Clear Stamps, ink up with Versafine Ink and stamp randomly on card front.

Ink around the edges of the larger die cut and emboss in your chosen powder, heat set. Stamp a sentiment from the **WOW!** Just Saying Clear Stamps on the smaller die cut, mount with foam pads.

Tie ribbon around the card and adhere the sentiment.
