Ink the chipboard all over with the **WOW!** Embossing Pad, taking the first colour, sprinkle **WOW!** Mermaids Tails Embossing Glitter randomly, and shake off the excess. Repeat with the second colour **WOW!** Pistachio Embossing Glitter, and shake off the excess. For the third colour, **WOW!** Midas Touch Embossing Glitter, cover the project entirely, shake off the excess and heat set.

Ink up the feathers and emboss with your chosen colour, heat set. Ink the edges and emboss with another colour, heat set.

In a **WOW!** Foil Case, put in approximately one heaped teaspoon of **WOW!** Melt-It, and heat from underneath, holding the foil case with a wooden peg. Once molten pour into the largest heart in the **WOW!** Hearts Mould, leaving room for another colour to go on top. Let set, and repeat, this time adding your chosen colour to the Melt-It, and stir, then melt and pour on top of the clear heart. Fill in as many of the other hearts in the same mould, let set. Once set, pop them out and when you turn them over they will look dull, just go over them with the heat tool to shine back up, but don't overdo it as it will re-melt them.

Using the Cut N Dry foam, apply ink to the cotton reel, then sprinkle with your chosen colour and heat set. Wet your Seam Binding with water, scrunch and dry with heat tool make into a double bow and adhere to base of chipboard.

Adhere feathers to base of chipboard followed by stamens and then adhere the hearts.

Pop your lolly stick inside the cotton reel and adhere the chipboard to the lolly stick.
